

PROSPECTUS SUPPLEMENT
To Prospectus, dated October 27, 2023**1,298,040 Shares of Class A Common Stock****Common Warrants to Purchase 1,298,040 Shares of Class A Common Stock**

Cibus, Inc. (“Cibus,” the “Company,” “we,” “our” or “us”) is offering to certain investors on a “reasonable best efforts” basis and to an executive officer of the Company (i) 1,298,040 shares of its Class A Common Stock, \$0.0001 par value per share (“Class A Common Stock”) and (ii) accompanying common warrants to purchase 1,298,040 shares of Class A Common Stock (each a “Common Warrant” and collectively, the “Common Warrants”), in a combination of one share of Class A Common Stock and one Common Warrant, pursuant to this prospectus supplement and the accompanying prospectus. This prospectus supplement also relates to the shares of Class A Common Stock issuable upon the exercise of the Common Warrants.

Each share of Class A Common Stock is being sold together with an accompanying Common Warrant to purchase one share of Class A Common Stock. The shares of Class A Common Stock and the accompanying Common Warrants will be issued separately but can only be purchased together in this offering. The combined offering price for each share of Class A Common Stock and the accompanying Common Warrant is \$10.00, except that each share of Class A Common Stock and the accompanying Common Warrant issued to an executive officer will have a combined offering price of \$10.20.

The Common Warrants will have a term of five years from the date the Common Warrants are first exercisable. The Common Warrants are exercisable commencing on the date of issuance. The exercise price for the Common Warrants initially will be \$10.00 per share, except that the exercise price of the Common Warrants issued to an executive officer initially will be \$10.07 per share, and will be subject to adjustments as described herein.

The Class A Common Stock is listed on the Nasdaq Capital Market (“Nasdaq”) under the symbol “CBUS.” On June 11, 2024, the last reported sale price of the Class A Common Stock on Nasdaq was \$10.07 per share.

There is no established public trading market for the Common Warrants, and we do not expect a market to develop. In addition, we do not intend to apply for the listing of the Common Warrants on any national securities exchange or other nationally recognized trading system. Without an active trading market, we expect the liquidity of the Common Warrants will be limited.

Investing in our securities involves a high degree of risk. Company Overview

We are a leading agricultural biotechnology company that uses proprietary gene editing technologies to develop plant traits (or specific genetic characteristics) in seeds. Our primary business is the development of plant traits that help address specific productivity or yield challenges in farming such as traits addressing plant agronomy, disease, insects, weeds, nutrient-use, or the climate. These traits are referred to as productivity traits and drive greater farming profitability and efficiency. They do this in several ways, including, but not limited to, making plants resistant to diseases or pests or enabling plants to process nutrients more efficiently. Certain of these traits lead to the reduction in the use of chemicals like fungicides, insecticides, or the reduction of fertilizer use, while others make crops more adaptable to their environment or to climate change. The ability to develop productivity traits in seeds that can increase farming productivity and reduce the use of chemicals in farming is the promise of gene editing technologies. In addition, we are developing, through partner-funded projects, certain alternative plant-based oils or bio-based fermentation products to meet the functional needs of the new sustainable ingredients industry to replace current ingredients that are identified to raise environmental challenges, such as ingredients derived from fossil fuels, materials that cause deforestation, or materials that raise other sustainability challenges. Our Class A Common Stock trades on Nasdaq under the symbol “CBUS.”

Our “Up-C” Corporate Structure

We are a holding company with substantially all of our assets and operations conducted through Cibus Global, LLC (“Cibus Global”) and its subsidiaries. Our sole material asset consists of our interest in Cibus Global. We are the sole managing member of Cibus Global and are responsible for all operational, management and administrative decisions relating to Cibus Global’s business and consolidate the financial results of Cibus Global and its subsidiaries. Owners of Cibus Global’s Common Units (“Cibus Global Common Units”) other than us own a corresponding number of shares of our Class B common stock, par value \$0.0001 per share (the “Class B Common Stock”), which have voting (but no economic) rights with respect to Cibus, Inc.

Company Information

Our principal executive offices are located at 6455 Nancy Ridge Drive, San Diego, CA 92121 and our telephone number is (858) 450-0008. Cibus’ filings with the SEC are posted on its corporate website at www.cibus.com. The information found on our website is not part of this prospectus.

Nasdaq Global Market Symbol	The Class A Common Stock is traded on Nasdaq under the symbol “CBUS.” There is no established public trading market for the Common Warrants, and we do not expect a market to develop. In addition, we do not intend to apply for the listing of the Common Warrants on any national securities exchange or other nationally recognized trading system. Without an active trading market, we expect the liquidity of the Common Warrants will be limited.

The number of Shares to be outstanding after this offering is based on 21,014,970 shares of Class A Common Stock and 3,142,636 shares of Class B Common Stock outstanding as of March 31, 2024 and excludes as of that date:

- 560,823 shares of restricted Class A Common Stock, which are subject to vesting conditions;

[Table of Contents](#)

- 67,411 shares of Class A Common Stock issuable upon the vesting and settlement of restricted stock units outstanding;
- 1,923,389 shares of Class A Common Stock reserved for future issuance under the Cibus, Inc. 2017 Omnibus Plan, as amended (the “Plan”); and
- 158,483 shares of Class A Common Stock issuable upon exercise of outstanding warrants to purchase Class A Common Stock, each with an exercise price of \$69.04 per share (“2022 Common Warrants”); and
- 50,000 shares of Class A Common Stock issuable upon exercise of outstanding warrants to purchase Class A Common Stock, each with an exercise price of \$0.01 per share (“Pre-Funded Warrants”) at a price of \$10.57 per Pre-Funded Warrant.

Unless otherwise stated, information in this prospectus supplement assumes no further exercise of outstanding options, 2022 Common Warrants or Pre-Funded Warrants, no future issuances by us of shares of our Class A Common Stock or securities convertible into or exercisable for our Class A Common Stock, including as part of any future offerings of such securities; and no exercise of the Common Warrants.

RISK FACTORS

You should consider carefully the risks described below and those risk factors described under the heading “Item 1.A. Risk Factors” in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2023, as may be updated by our subsequent filings under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), that are incorporated by reference in this prospectus supplement in their entirety, together with other information in this prospectus supplement and the information and documents incorporated by reference in this prospectus supplement and any free writing prospectus that we may authorize for use in connection with this offering before you make a decision to invest in our securities. If any of these risks actually occur, our business, operating results, prospects or financial condition could be harmed. This could cause the trading price of the Class A Common Stock to decline and you may lose all or part of your investment. The risks below and incorporated by reference in this prospectus supplement are not the only ones we face. Additional risks not currently known to us or that we currently deem immaterial may also affect our business operations. Please also read carefully the section below titled “Cautionary Note Regarding Forward-Looking Statements.”

Risks Relating to the Offering

If you purchase securities in this offering, you will experience immediate dilution.

The offering price of the Class A Common Stock and the accompanying Common Warrants exceeds the net tangible book value per share of Class A Common Stock as of March 31, 2024, before giving effect to this offering. Accordingly, purchasers of securities in this offering (excluding the executive officer participating in this offering) will incur immediate dilution of approximately \$16.18 per share of Class A Common Stock, representing the difference between the offering price of \$10.00 per share of Class A Common Stock and accompanying Common Warrant and our as adjusted net tangible book value per share as of March 31, 2024, after giving effect to this offering. The executive officer participating in this offering will incur immediate dilution of approximately \$16.38 per share, representing the difference between the offering price of \$10.20 per share of Class A Common Stock and accompanying Common Warrant to such executive officer and our as adjusted net tangible book value per share as of March 31, 2024, after giving effect to this offering. For a further description of the dilution that you will experience immediately after this offering, see the section in this prospectus supplement entitled “Dilution” beginning on page S-17.

Our ability to continue as a going concern will depend on our ability to obtain additional financing in the near term.

As of March 31, 2024, we had \$24.5 million of cash and cash equivalents. Current liabilities were \$21.7 million as of March 31, 2024.

Even if this offering is successful, there will continue to be substantial doubt about our ability to continue as a going concern in the absence of additional financing. To finance our continued operations under our current business plan over the next 12 months, we will need to raise additional capital, including after giving effect to this offering. Such financing may not be available within our required timeframes, on acceptable terms, or at all.

In light of the foregoing needs and constraints on our capital resources, our Board of Directors is evaluating a full range of strategic alternatives to maximize shareholder value, which may include potential equity or debt financing transactions, business combination transactions (including an acquisition or merger transaction), sales of assets, licensing or other strategic transactions. Certain potential strategic transaction alternatives could (i) result in substantial additional dilution to existing stockholders, (ii) result in the issuance of securities with preferences over Cibus’ Common Stock, (iii) subject us to covenants that impose operational restrictions, (iv) require us to relinquish potentially valuable rights to pipeline traits or proprietary technologies, (v) result in the granting of licenses on terms that are not favorable to us, or (vi) have a material adverse effect on the market price of the Class A Common Stock.

In addition, on October 18, 2023, we implemented a strategic realignment pursuant to which we initiated cost reduction initiatives designed to preserve capital resources for the advancement of our priority objectives, which initiatives included reductions in capital expenditures, streamlining of independent contractor utilization, and prioritization of near-term payment obligations. Our management continues to evaluate and closely manage its capital resources and initiatives in view of current constraints.

[Table of Contents](#)

If we fail to obtain substantial funding or consummate a strategic transaction in the next several months and are unable to continue as a going concern, we may be required to discontinue or delay one or more of our development programs or to wind-down our business through the initiation of bankruptcy proceedings. In the event of a wind-down, it is likely that holders of our Class A Common Stock, including investors in this offering, will lose all or part of their investment. If we seek additional financing to fund our business activities in the future and there is substantial doubt about our ability to continue as a going concern, investors or other financing sources may be unwilling to provide additional funding to us on commercially reasonable terms or at all.

You may experience future dilution as a result of future equity offerings.

Sales of shares of our Class A Common Stock result in dilution to our stockholders. In order to raise additional capital, we expect to offer additional shares of Class A Common Stock or other securities convertible into or exchangeable for Class A Common Stock, including sales of Class A Common Stock pursuant to a sales agreement between the Company and Stifel, Nicolaus & Company, Incorporated (“Stifel”), pursuant to which we may, from time to time, sell shares of our Class A Common Stock having an aggregate offering price of up to \$80,000,000 through Stifel, as the Company’s sales agent, in an at-the-market offering (the “ATM Facility”), under which approximately \$73.5 million of availability remained at March 31, 2024.

In addition to sales of Class A Common Stock made pursuant to the ATM Facility, we expect in the future to seek to raise additional equity financing, including through the offer of additional shares of Class A Common Stock or other securities convertible into or exchangeable for Class A Common Stock. Moreover, such additional equity offerings may occur in the near term following this offering.

We cannot assure you that we will be able to sell shares or other securities in any other offering at a price per share that is equal to or greater than the price paid by investors in this offering for a share of Class A Common Stock and accompanying Common Warrant and investors purchasing shares or other securities in the future could have rights superior to existing stockholders. The price per share at which we sell additional shares of Class A Common Stock or other securities convertible into or exchangeable for Class A Common Stock in future transactions may be higher or lower than the price per share of Class A Common Stock and accompanying Common Warrant in this offering.

Furthermore, if outstanding options or warrants, including the Common Warrants issued in this offering, are exercised, you could experience further dilution. As of March 31, 2024, approximately 5,543,635 shares of Class A Common Stock are either issuable upon conversion of shares of Class B Common Stock, issuable upon exercise of outstanding options, issuable upon vesting and settlement of outstanding restricted stock units, issuable upon exercise of the 2022 Common Warrants, issuable upon exercise of the Pre-Funded Warrants or reserved for future issuance under the Plan and are eligible for sale in the public market to the extent permitted by the provisions of various vesting schedules.

If our large stockholders sell a substantial number of shares of Class A Common Stock in either the private or public markets, the market price of the Class A Common Stock could decrease materially. The perception in the public market that these stockholders might sell Class A Common Stock could also depress the market price of the Class A Common Stock and could impair our future ability to obtain capital, especially through an offering of equity securities.

Additionally, shares of Class A Common Stock issued or issuable under our equity incentive plans to employees and directors have been registered on Form S-8 registration statements and may be freely sold in the public market upon issuance.

The Common Warrants are speculative in nature.

The Common Warrants, which have an initial exercise price of \$10.00 per share of Class A Common Stock, except that the Common Warrants issued to an executive officer have an initial exercise price of \$10.07 per share, in each case subject to adjustments, are exercisable beginning on the issuance date for a period of five years from the date such Common Warrants are first exercisable. If the price of the Class A Common Stock does not increase to an amount sufficiently above the exercise price of the Common Warrants during the period during which the Common Warrants are exercisable, you will be unable to recover any of your investment in the Common Warrants. In such event, the Common Warrants will not have any value.

There can be no assurance that the market price of the Class A Common Stock will ever equal or exceed the exercise price of the Common Warrants, and consequently, whether it will ever be profitable for holders of the Common Warrants to exercise such Common Warrants.

[Table of Contents](#)

There is no public market for the Common Warrants being offered in this offering.

There is no established public trading market for the Common Warrants being offered in this offering, and we do not expect a market to develop. In addition, we do not intend to apply to list the Common Warrants on any national securities exchange or other nationally recognized trading system, including Nasdaq. Without an active market, the liquidity of the Common Warrants will be limited.

Holders of the Common Warrants will have no rights as a holder of Class A Common Stock until such holders exercise their Common Warrants and acquire Class A Common Stock.

Until you acquire shares of Class A Common Stock upon exercise of your Common Warrants, you will have no rights with respect to the shares of Class A Common Stock underlying such Common Warrants. Upon exercise of your Common Warrants, you will be entitled to exercise the rights of a holder of Common Stock only as to matters for which the record date occurs after the exercise date.

We may redeem your unexercised Common Warrants on or after the Redemption Conditions are satisfied, and they will have no value after such redemption.

We may redeem all unexercised Common Warrants at our sole option at any time on or after the Redemption Conditions are satisfied. If we redeem your unexercised Common Warrants, they will cease to be outstanding after the Redemption Date and they will have no value.

Our management will have broad discretion over the use of the proceeds we receive in this offering and might not apply the proceeds in ways that increase the value of your investment.

Our management will have broad discretion to use the net proceeds from this offering, and you will be relying on the judgment of our management regarding the application of these proceeds. You will not have the opportunity to influence our decisions on how to use the proceeds, and we may not apply the net proceeds of this offering in ways that increase the value of your investment. Because of the number and variability of factors that will determine our use of the net proceeds from this offering, their ultimate use may vary substantially from their currently intended use. The failure by our management to apply these funds effectively could harm our business. Pending their use, we intend to invest the net proceeds from this offering in marketable securities that may include investment-grade interest-bearing securities, money market accounts, certificates of deposit, commercial paper and guaranteed obligations of the U.S. government in accordance with our investment policy. These investments may not yield a favorable return to our stockholders. If we do not invest or apply the net proceeds from this offering in ways that enhance stockholder value, we may fail to achieve expected financial results, which could cause our stock price to decline.

We have not paid dividends in the past and do not expect to pay dividends in the future, and, as a result, any return on investment may be limited to the value of the Class A Common Stock (including the Class A Common Stock issuable upon exercise of Common Warrants).

We have never paid dividends and do not anticipate paying dividends in the foreseeable future. The payment of dividends will depend on our earnings, capital requirements, financial condition, prospects and other factors our board of directors may deem relevant. If we do not pay dividends, the Class A Common Stock (including the Class A Common Stock issuable upon exercise of Common Warrants) may be less valuable because a return on your investment will only occur if the price per share of Class A Common Stock appreciates and you sell the Class A Common Stock thereafter.

You may be subject to tax upon an adjustment to the exercise price or number of shares of Class A Common Stock issuable upon exercise of the Common Warrants even though you do not receive a corresponding cash distribution.

An adjustment to the number of shares of Class A Common Stock issuable upon exercise of the Common Warrants, or an adjustment to the exercise price of the Common Warrants (or in certain circumstances, a failure to make adjustments), may be treated as a constructive distribution to a holder of the Common Warrants if, and to the extent that, such adjustment has the effect of increasing such holder's proportionate interest in Cibus's earnings and profits or Cibus's assets, depending on the circumstances of such adjustment (for example, if such adjustment is to compensate for a distribution of cash or other property to Cibus shareholders). Constructive distributions will constitute dividends to the extent such distributions are deemed paid out of Cibus's earnings and profits, notwithstanding the fact that holders of Common Warrants will not receive a cash payment in respect thereof.

[Table of Contents](#)

If you are a “Non-U.S. Holder” (as defined in “Certain United States Federal Income Tax Considerations”), U.S. federal withholding tax at a rate of 30 percent (or at a lower rate if an applicable income tax treaty so provides and an applicable withholding agent has received proper certification as to the application of that treaty) generally will apply to the gross amount of dividends received by you, including deemed or constructive dividends as described in the previous paragraph. In the event of such a dividend, Cibus may be required to withhold tax from subsequent distributions of cash or property to Non-U.S. Holders. Further, if an applicable withholding agent pays such withholding taxes on behalf of a non-U.S. Holder with respect to such dividends, the withholding agent may withhold any such withholding tax from any cash to be paid to or set-off such amount against certain other funds or assets belonging to such Non-U.S. Holder. See the discussion under “Certain United States Federal Income Tax Considerations.”

This offering is being conducted on a “reasonable best efforts” basis.

The Placement Agent is offering the shares of Class A Common Stock and accompanying Common Warrants on a “reasonable best efforts” basis, and the Placement Agent is under no obligation to purchase any securities for its own account. The Placement Agent is not required to sell any specific number or dollar amount of shares of Class A Common Stock and accompanying Common Warrants in this offering but will use its best efforts to sell the securities offered in this prospectus supplement. As a “reasonable best efforts” offering, there can be no assurance that the offering contemplated hereby will ultimately be consummated.

Risks Related to Ownership of Class A Common Stock

The market price of the Class A Common Stock has been and could remain volatile, which could adversely affect the market price of the Class A Common Stock.

The market price the Class A Common Stock has experienced, and may continue to experience, volatility in response to various factors. Between the closing date of our merger with Cibus Global on May 31, 2023 and May 31, 2024, the closing price of the Class A Common Stock on the Nasdaq Capital Market fluctuated from a high of \$31.50 per share to a low of \$9.99 per share. Some factors that may cause the market price of the Class A Common Stock to fluctuate include our quarterly operating results, our perceived prospects or the perceptions of the market of our pipeline, new products or technologies, changes in securities analysts’ recommendations or earnings estimates and our ability to meet such estimates, changes in general conditions in the economy or the financial markets, capital raising activity and other developments affecting us or our competitors.

These and other market and industry factors may cause the market price and demand for the Class A Common Stock to fluctuate substantially, regardless of our actual operating performance, which may limit or prevent investors from readily selling their Class A Common Stock at a favorable price or at all and may otherwise negatively affect the liquidity of the Class A Common Stock.

If securities or industry analysts do not publish research or reports about our business, or if they issue adverse or misleading opinions regarding our Class A Common Stock, the price of the Class A Common Stock and trading volume could decline.

The trading market for the Class A Common Stock will be influenced by the research and reports that industry or securities analysts publish about us or our business. If any of the analysts who cover us issue an adverse or misleading opinion regarding us, our business model, our intellectual property or the performance of the Class A Common Stock, or if our operating results fail to meet the expectations of analysts, the price of the Class A Common Stock would likely decline. If one or more of these analysts cease coverage of us or fail to publish reports on us regularly, we could lose visibility in the financial markets, which in turn could cause the price of the Class A Common Stock or trading volume to decline.

USE OF PROCEEDS

We estimate that the net proceeds we receive from this offering will be approximately \$12.2 million after deducting the placement agent commissions and estimated offering expenses payable by us and excluding the proceeds, if any, from the subsequent exercise of the Common Warrants.

We currently intend to use the net proceeds from the offering to fund further development of new and improvement of existing seed traits, Trait Machine operations, and for working capital and general corporate purposes.

We have not determined the amounts that we plan to spend on any specific area or the timing of such expenditures. Accordingly, our management will have broad discretion to use the net proceeds from this offering. Pending our use of the net proceeds from this offering, we intend to invest the net proceeds in marketable securities that may include investment-grade interest-bearing securities, money market accounts, certificates of deposit, commercial paper and guaranteed obligations of the U.S. government in accordance with our investment policy.

DIVIDEND POLICY

We have never declared or paid any cash dividends on our capital stock. We currently intend to retain any future earnings to invest in our business and do not expect to pay any dividends in the foreseeable future. Any determination to pay dividends in the future will be at the discretion of our board of directors and will depend on our financial condition, operating results, capital requirements and general business conditions and other factors that our board of directors may deem relevant.

Class A Common Stock

The Class A Common Stock is listed on Nasdaq under the symbol “CBUS”. The transfer agent and registrar for the Class A Common Stock is Broadridge Corporate Issuer Solutions, LLC. The transfer agent’s address is 1155 Long Island Avenue, Edgewood, NY 11717.

The material terms of the Class A Common Stock are described under the heading “Description of Capital Stock” in the accompanying prospectus.

General Terms of the Common Warrants

The Common Warrants represent the right to purchase 1,298,040 shares of Class A Common Stock at an initial exercise price of \$10.00 per share, except that the Common Warrants issued to an executive officer will have an initial exercise price of \$10.07 per share. Each Common Warrant may be exercised at any time beginning on the issuance date and from time to time thereafter through and including the five-year anniversary of the date the Common Warrants are first exercisable unless earlier redeemed. After the exercise period, holders of the Common Warrants will have no further rights to exercise the Common Warrants.

Exercisability

Each Common Warrant will be exercisable beginning on the date of issuance and will expire five years from the date of issuance unless earlier redeemed. The Common Warrants will be exercisable, at the option of each holder, in whole or in part by delivering to us a duly executed exercise notice and payment in full for the number of shares of Class A Common Stock purchased upon such exercise, except in the case of a cashless exercise as discussed below.

The number of shares of Class A Common Stock issuable upon exercise of the Common Warrants is subject to adjustment in certain circumstances, including a stock split of, stock dividend on, or a subdivision, combination or recapitalization of the Class A Common Stock.

Cashless Exercise

If at the time of exercise there is no effective registration statement registering, or the prospectus contained therein is not available for the issuance or resale of the shares issuable upon exercise of the Common Warrant, the holder may exercise the Common Warrant on a cashless basis. When exercised on a cashless basis, a portion of the Common Warrant is cancelled in payment of the purchase price payable in respect of the number of shares of Class A Common Stock purchasable upon such exercise.

Exercise Price

Each Common Warrant represents the right to purchase one share of Class A Common Stock at an exercise price of \$10.00 per share, except that the Common Warrants issued to an executive officer have an initial exercise price of \$10.07 per share. Subject to limited exceptions, a holder of Common Warrants will not have the right to exercise any portion of the Common Warrant to the extent that, after giving effect to the exercise, the holder, together with its affiliates, and any other person acting as a group together with the holder or any of its affiliates, would beneficially own in excess of 4.99% or 9.99%, as applicable, or in the case of the executive officer

[Table of Contents](#)

participating in this offering, 19.99%, of the number of shares of Class A Common Stock outstanding immediately after giving effect to its exercise (the “Beneficial Ownership Limitation”). The holder, upon notice to us, may increase or decrease the Beneficial Ownership Limitation provisions of the Common Warrant, provided that in no event shall the limitation exceed 9.99%, or in the case of the executive officer participating in this offering, 19.99%, of the number of shares of Class A Common Stock outstanding immediately after giving effect to the exercise of the Common Warrant. Any increase in the Beneficial Ownership Limitation will not be effective until the 61st day after such notice is delivered to us. Purchasers of Common Warrants in this offering (other than the executive officer participating in this offering) may elect prior to the issuance of the Common Warrants to those purchasers to have the initial exercise limitation set at either 4.99% or 9.99% of our outstanding Class A Common Stock.

Certain Adjustments

The exercise price and number of shares of Class A Common Stock issuable upon exercise of the warrants may be proportionally adjusted upon the occurrence of specific events, including stock dividends, stock splits, combinations and certain recapitalizations of our Class A Common Stock.

Rights Upon Distribution of Assets; Purchase Rights

If we distribute assets, including cash dividends, any securities (other than a stock dividend of Class A Common Stock, described under “— Certain Adjustments”) or other property, to our stockholders, the Common Warrant holders shall be entitled to participate in such distribution to the same extent that such holder would have participated had the holder held the number of shares of Class A Common Stock acquirable upon complete exercise of its warrant. If such distribution would cause such holder to exceed the Beneficial Ownership Limitation, the holder will not be entitled to participate in the distribution to such extent that the Beneficial Ownership Limitation would be exceeded and the distribution will be held in abeyance for the holder’s benefit until such time or times, if ever, as would not result in the holder exceeding the Beneficial Ownership Limitation.

If we grant, issue or sell pro rata to our stockholders, any options, convertible securities or rights to purchase stock, warrants, securities or other property, the Common Warrant holders will be entitled to acquire such purchase rights to the same extent such holder would have acquired had the holder held the number of shares of Class A Common Stock acquirable upon complete exercise of its warrant. If such right to participate in any such purchase rights would cause such holder to exceed the Beneficial Ownership Limitation, then the holder will not be entitled to participate in such purchase right to such extent that the Beneficial Ownership Limitation would be exceeded by such purchase right, and to the extent necessary to prevent such occurrence, will be held in abeyance for the holder’s benefit until such time or times, if ever, as would not result in the holder exceeding the Beneficial Ownership Limitation.

Transferability

Subject to applicable laws and restrictions, a holder may transfer a Common Warrant upon surrender of the Common Warrant to us with a duly executed assignment in the form attached to the Common Warrant. The transferring holder will be responsible for any tax that liability that may arise as a result of the transfer.

No Listing

There is no established public trading market for the Common Warrants and we do not expect a market to develop. In addition, we do not intend to apply for listing of the Common Warrants on any securities exchange or trading system. Without an active market, the liquidity of the Common Warrants will be limited.

Rights as Stockholder

Except as otherwise provided in the Common Warrants or by virtue of such holder’s ownership of shares of Class A Common Stock, the holder of a Common Warrant, solely in such holder’s capacity as a holder of a Common Warrant, will not be entitled to vote, to receive dividends, or to any of the other rights of our stockholders.

Fundamental Transactions

Subject to certain limitations set forth in the Common Warrant, in the event we (or any of our subsidiaries) effect certain mergers, consolidations, sales or other disposition of substantially all of our assets, tender or exchange offers, reclassifications or share exchanges in which our Class A Common Stock is effectively converted into or exchanged for other securities, cash or property, we consummate a business combination in which another person acquires 50% of the outstanding voting power of all classes of equity of the Company, or any person or group becomes the beneficial owner of more than 50% of the aggregate voting power of all classes of equity of the Company, then, upon any subsequent exercise of the Common Warrants, the holders of the Common Warrants will have the right to receive any shares of the acquiring corporation or other consideration it would have been entitled to receive if it had been a holder of the number of shares of Class A Common Stock then issuable upon exercise of the Common Warrants. Additionally, as more fully described in the Common Warrants, in the event of certain fundamental transactions and subject to certain limitations set forth in the Common Warrant, the holders of the Common Warrants will be entitled to receive consideration in an amount equal to the Black Scholes value (as defined in the Common Warrant) of the Common Warrants on the date of the consummation of such fundamental transaction.

Redemption at the Option of the Company

The Common Warrants may be redeemed at the Company's option, in whole or in part on a pro rata basis, any at any time upon the occurrence of (i) the Company's public announcement of an operational Soybean platform (the "Announcement") and (ii) the first date on which the closing price of the Class A Common Stock on Nasdaq has equaled or exceeded \$20.00 per share for fifteen consecutive trading days (the "Trading Condition") ((i) and (ii) collectively referred to as the "Redemption Conditions"), at a redemption price of \$0.0001 per Common Warrant (the "Redemption Price"). As more fully described in the Common Warrants, the Company shall provide prompt notice to the holders upon Announcement (the "First Notice") and upon meeting the Redemption Conditions (the "Second Notice"). Following or concurrently with the delivery of the Second Notice, the Company may, at its option, notify holders of its election to redeem the Common Warrants (the "Redemption Notice"), which notice shall be sent promptly to holders. From and after the date on which the Common Warrants are redeemed, holders of redeemed Common Warrants will have no further rights pursuant to the Common Warrants except to receive payment of the Redemption Price upon surrender of their warrant certificates and will be deemed cancelled and void.

Warrants noticed for redemption may not be exercised at any time after notice of redemption shall have been given by the Company and prior to the Redemption Date unless the Company defaults on payment of the Redemption Price on the Redemption Date.

Amendments and Waivers

The provisions of each Common Warrant may be modified or amended or the provisions thereof waived with the written consent of us and the holder.

No Fractional Shares

No fractional shares or scrip representing fractional shares shall be issued upon the exercise of the Common Warrants. As to any fraction of a share which the holder would otherwise be entitled to purchase upon such exercise, we shall or shall cause, at our option, the payment of a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the exercise price of the Common Warrant per whole share or round such fractional share up to the nearest whole share of Class A Common Stock.

Governing Law

All questions concerning the construction, validity, enforcement and interpretation of the Common Warrants shall be governed by and construed and enforced in accordance with the law of the State of New York.

DILUTION

If you invest in this offering, your ownership interest will be diluted to the extent of the difference between the offering price per share of Class A Common Stock and accompanying Common Warrant, and the as adjusted net tangible book value per share of our Class A Common Stock immediately after this offering.

Our net tangible book value (deficit) as of March 31, 2024 was \$(150.0) million, or \$(7.14) per share. Net tangible book value (deficit) per share is determined by dividing our total tangible assets, less total liabilities, by the number of shares of Class A Common Stock outstanding as of March 31, 2024. Dilution in net tangible book value (deficit) per share of Class A Common Stock represents the difference between the amount per share paid by purchasers of shares of Class A Common Stock and accompanying Common Warrants in this offering and the as adjusted net tangible book value (deficit) per share of Class A Common Stock immediately after giving effect to this offering.

After giving effect to the sale of 1,200,000 shares of Class A Common Stock (excluding shares of Class A Common Stock issuable upon exercise of the Common Warrants being offered in this offering) at an offering price of \$10.00 per share of Class A Common Stock and accompanying Common Warrant and the sale of 98,040 shares of Class A Common Stock sold to the executive officer participating in this offering (excluding shares of Class A Common Stock issuable upon exercise of the Common Warrants being offered in this offering) at an offering price of \$10.20 per share of Class A Common Stock and accompanying Common Warrant, and after deducting the placement agent fees and commissions and estimated offering expenses payable by us, our as-adjusted net tangible book value (deficit) as of March 31, 2024 would have been \$(137.8) million, or \$(6.18) per share. This represents an immediate increase in net tangible book value of \$0.96 per share to existing stockholders and an immediate dilution of \$16.18 per share to investors participating in this offering (in each case, other than the executive officer participating in this offering), as illustrated in the following table:

Offering price per share of Class A Common Stock and accompanying Common Warrant	\$10.00
Offering price per share of Class A Common Stock and accompanying Common Warrant to executive officers	\$10.20
Net tangible book value (deficit) per share as of March 31, 2024	\$(7.14)
Increase in net tangible book value (deficit) per share attributable to this offering	\$ 0.96
As adjusted net tangible book value (deficit) per share as of March 31, 2024, after giving effect to this offering	<u>\$(6.18)</u>
Dilution per share to investors purchasing Class A Common Stock and accompanying Common Warrants in this offering	<u>\$16.18</u>
Dilution per share to executive officer purchasing Class A Common Stock and accompanying Common Warrants in this offering	<u>\$16.38</u>

The above discussion and table are based on 21,014,970 shares of Class A Common Stock outstanding as of March 31, 2024 and excludes as of that date:

- 560,823 shares of restricted Class A Common Stock, which are subject to vesting conditions;
- 109,503 shares of Class A Common Stock issuable upon the exercise of outstanding stock options with a weighted average exercise price of \$367.37 per share;
- 67,411 shares of Class A Common Stock issuable upon the vesting and settlement of restricted stock units outstanding;
- 1,923,389 shares of Class A Common Stock reserved for future issuance under the Plan; and
- 158,483 shares of Class A Common Stock issuable upon exercise of outstanding 2022 Common Warrants; and
- 50,000 shares of Class A Common Stock issuable upon exercise of outstanding Pre-Funded Warrants.

[Table of Contents](#)

The above illustration of dilution per share to investors participating in this offering assumes no further exercise of outstanding options, 2022 Common Warrants or Pre-Funded Warrants, no future issuances by us of shares of our Class A Common Stock or securities convertible into or exercisable for our Class A Common Stock, and no exercise of the Common Warrants. To the extent that any outstanding options are exercised or other shares are issued upon vesting of outstanding awards or otherwise, there will be further dilution to new investors.

As a statutory underwriter, the Placement Agent would be required to comply with the requirements of the Securities Act and the Exchange Act, including, without limitation, Rule 415(a)(4) under the Securities Act and Rule 10b-5 and Regulation M under the Exchange Act. These rules and regulations may limit the timing of purchases and sales of shares by the Placement Agent acting as principal. Under these rules and regulations, the Placement Agent:

Lock-Up Agreements

Our directors and executive officers have entered into lock-up agreements. Under these agreements, these individuals have agreed, subject to specified exceptions, not to sell or transfer any shares of Class A Common Stock or securities convertible into, or exchangeable or exercisable for, shares of Class A Common Stock during a period ending 60 days after the date of such lock-up agreements, without first obtaining the written consent of the Placement Agent. Specifically, these individuals have agreed, in part, not to:

The Shares, the Common Warrants and the Warrant Shares are collectively referred to herein as the “Offered Securities.” All prospective holders of the Offered Securities should consult their tax advisors with respect to the U.S. federal, state, local and non-U.S. tax consequences of the purchase, ownership and disposition of the Offered Securities.

It does not address holders that are subject to special rules, such as:

- regulated investment companies or real estate investment trusts;
- controlled foreign corporations, passive foreign investment companies or corporations that accumulate earnings to avoid U.S. federal income tax;
- U.S. Holders (as defined below) whose functional currency is not the U.S. dollar;
- “qualified foreign pension funds” as defined in Section 897(1)(2) of the Code and entities all of the interests of which are held by qualified foreign pension funds;

Table of Contents

- U.S. expatriates and former citizens or former long-term residents of the United States; or
- holders that acquire the Offered Securities through the exercise of an employee stock option or otherwise as compensation or through a tax-qualified retirement plan.

If a holder is a partnership or other pass-through entity (including an entity or arrangement treated as a partnership or other type of pass-through entity for U.S. federal income tax purposes), the U.S. federal income tax treatment of a partner or beneficial owner will generally depend on the status of such partner or beneficial owner and the entity's activities. Partnerships, partners and beneficial owners in partnerships or other pass-through entities that own the Offered Securities should consult their tax advisors as to the particular U.S. federal income tax considerations applicable to the acquisition, ownership and disposition of the Offered Securities.

For purposes of this discussion, a "U.S. Holder" is a beneficial owner of the Offered Securities, that, for U.S. federal income tax purposes is or is treated as:

- an individual that is a citizen or resident of the United States;
- a corporation, or an entity treated as a corporation, created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- a trust that (1) is subject to (A) the primary supervision of a court within the United States and (B) the authority of one or more "United States persons" (within the meaning of Section 7701(a)(30) of the Code) to control all substantial decisions of the trust or (2) has a valid election in effect under applicable Treasury regulations to be treated as a United States person; or
- an estate that is subject to U.S. federal income tax on its income regardless of its source.

As used herein, the term "Non-U.S. Holder" means a beneficial owner, other than an entity treated as a partnership for U.S. federal income tax purposes, of the Offered Securities that is for U.S. federal income tax purposes not a U.S. Holder.

PROSPECTIVE INVESTORS ARE URGED TO CONSULT THEIR TAX ADVISORS REGARDING THE PARTICULAR FEDERAL, STATE, LOCAL AND NON-U.S. TAX CONSEQUENCES TO THEM OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF THE OFFERED SECURITIES.

Allocation of Purchase Price

Each Share and Common Warrant is expected to be treated for U.S. federal income tax purposes as an investment unit consisting of one Share and one Common Warrant. In determining the tax basis of each Share and Common Warrant constituting a unit, holders should allocate their purchase price for the unit between the Share and Common Warrant on the basis of their relative fair market values at the time of issuance. Cibus does not intend to advise holders of the Offered Securities with respect to this determination. A holder's allocation of the purchase price between the Shares and Common Warrants is not binding on the IRS or the courts, and no assurance can be given that the IRS or the courts will agree with a holder's allocation. All holders are advised to consult their tax and financial advisors with respect to the relative fair market values of the Shares and Common Warrants for U.S. federal income tax purposes.

Tax Considerations Applicable to U.S. Holders

Distributions on Shares and Warrant Shares

Cibus does not anticipate declaring or paying any cash dividends to holders of Cibus's Class A Common Stock in the foreseeable future. If Cibus makes distributions of cash or other property on the Shares or Warrant Shares (other than certain distributions of stock), such distributions will constitute dividends to the extent paid out of Cibus's current or accumulated earnings and profits, as determined for U.S. federal income tax purposes. Dividends

Table of Contents

received by a corporate U.S. Holder may be eligible for a dividends-received deduction, subject to applicable limitations. Dividends received by certain non-corporate U.S. Holders, including individuals, are generally taxed at the lower applicable capital gains rate provided certain holding period and other requirements are satisfied. Distributions in excess of Cibus's current and accumulated earnings and profits will constitute a return of capital and first be applied against and reduce a U.S. Holder's adjusted tax basis in its Shares or Warrant Shares, as applicable, but not below zero. Any excess will be treated as capital gain and will be treated as described below under "—Sale or Other Taxable Disposition of the Shares and Warrant Shares."

Sale, Exchange or Other Taxable Disposition of the Shares and Warrant Shares

Upon the sale, exchange or other taxable disposition of the Shares or Warrant Shares, a U.S. Holder will generally recognize capital gain or loss equal to the difference between the amount of cash and the fair market value of any property received upon the sale, exchange or other taxable disposition and such U.S. Holder's adjusted tax basis in the Shares or Warrant Shares. This capital gain or loss will be long term capital gain or loss if the U.S. Holder's holding period in such Shares or Warrant Shares is more than one year at the time of the sale, exchange or other taxable disposition. Long-term capital gains recognized by certain non-corporate U.S. Holders, including individuals, generally will be subject to reduced rates of U.S. federal income tax. The deductibility of capital losses is subject to certain limitations.

Sale, Redemption or Other Disposition or Exercise of Common Warrants

Upon the sale, exchange, redemption or other taxable disposition of a Common Warrant (other than by exercise), a U.S. Holder will generally recognize capital gain or loss equal to the difference between the amount realized on the sale, exchange, redemption or other taxable disposition and the U.S. Holder's tax basis in the Common Warrant. This capital gain or loss will be long-term capital gain or loss if the U.S. Holder's holding period in such Common Warrant is more than one year at the time of the sale, redemption or other disposition. The deductibility of capital losses is subject to certain limitations.

In general, a U.S. Holder will not be required to recognize income, gain or loss upon exercise of a Common Warrant for its exercise price. A U.S. Holder's tax basis in Warrant Shares received upon exercise of Common Warrants will be equal to the sum of (i) the U.S. Holder's tax basis in the Common Warrants exchanged therefor and (ii) the exercise price of such Common Warrants. A U.S. Holder's holding period in the Warrant Shares received upon exercise will commence on the day after such U.S. Holder exercises the Common Warrants (or possibly the date of exercise). Although there is no direct legal authority as to the U.S. federal income tax treatment of an exercise of a warrant on a cashless basis, Cibus intends to take the position that such exercise will not be taxable, either because the exercise is not a gain realization event or because it qualifies as a tax-free recapitalization. In the former case, the holding period of Warrant Shares received upon exercise of Common Warrants should commence on the day after the Common Warrants are exercised. In the latter case, the holding period of the Warrant Shares received upon exercise of Common Warrants would include the holding period of the exercised Common Warrants. However, Cibus's position is not binding on the IRS and the IRS may treat a cashless exercise of a warrant as a taxable exchange. U.S. Holders are urged to consult their tax advisors as to the consequences of an exercise of a Common Warrant on a cashless basis, including with respect to their holding period and tax basis in the Warrant Shares received.

Cash received in lieu of a fractional share of Warrant Shares should be treated as a payment in exchange for such fractional share of Warrant Shares resulting in gain or loss in an amount equal to the difference between the amount of cash received and such U.S. Holder's tax basis in the fractional share of Warrant Shares.

Lapse of Common Warrants

If a Common Warrant expires without being exercised, a U.S. Holder will recognize a capital loss in an amount equal to such U.S. Holder's tax basis in the warrant. Such loss will be long-term capital loss if, at the time of the expiration, the U.S. Holder's holding period in such warrant is more than one year. The deductibility of capital losses is subject to certain limitations.

Certain Adjustments to and Distributions on Common Warrants

Under Section 305 of the Code, an adjustment to the number of Warrant Shares that will be issued on the exercise of the Common Warrants, or an adjustment to the exercise price of the Common Warrants (or in certain circumstances, a failure to make adjustments), may be treated as a constructive distribution to a U.S. Holder of the Common Warrants if, and to the extent that, such adjustment has the effect of increasing such U.S. Holder's proportionate interest in Cibus's earnings and profits as determined under U.S. federal income tax principles or Cibus's assets, depending on the circumstances of such adjustment (for example, if such adjustment is to compensate for a distribution of cash or other property to Cibus shareholders). Such distributions will constitute dividends to the extent deemed paid out of Cibus's current or accumulated earnings and profits, as discussed above under "Distributions on Shares and Warrant Shares," notwithstanding the fact that holders of Common Warrants will not receive a cash payment in respect thereof. U.S. Holders should consult their tax advisors regarding the proper treatment of any adjustments to the number of Warrant Shares that will be issued on the exercise of the Common Warrants or the exercise price of the Common Warrants.

In addition, if Cibus were to make a distribution in cash or other property with respect to its Class A Common Stock after the issuance of the Common Warrants, then Cibus may, in certain circumstances, make a corresponding distribution to holders of Common Warrants. The taxation of such a distribution received with respect to a Common Warrant is unclear. It is possible such a distribution would be treated as a distribution (or constructive distribution), although other treatments are possible. U.S. Holders should consult their tax advisors regarding the proper treatment of distributions received with respect to Common Warrants.

Backup Withholding and Information Reporting

In general, backup withholding and information reporting requirements may apply to payments on the Offered Securities and to the receipt of proceeds on the sale, exchange or other taxable disposition of the Offered Securities. Backup withholding (currently at a rate of 24 percent) may apply if a U.S. Holder fails to furnish its taxpayer identification number, a U.S. Holder fails to certify under penalties of perjury that such taxpayer identification number is correct and that such U.S. Holder is not subject to backup withholding (generally on a properly completed and duly executed IRS Form W-9), the applicable withholding agent is notified by the IRS that the holder previously failed to properly report payments of interest or dividends, or such U.S. Holder otherwise fails to comply with the applicable requirements of the backup withholding rules.

Certain U.S. Holders generally are not subject to backup withholding and information reporting requirements, provided that their exemptions from backup withholding and information reporting are properly established. Backup withholding is not an additional tax. Any amounts withheld from a payment to a U.S. Holder under the backup withholding rules generally will be allowed as a credit against such U.S. Holder's U.S. federal income tax liability and may entitle such U.S. Holder to a refund, provided the required information is furnished to the IRS in a timely manner. U.S. Holders should consult their tax advisors regarding the application of backup withholding, the availability of an exemption from backup withholding, and the procedure for obtaining such an exemption, if available.

Tax Considerations Applicable to Non-U.S. Holders

Distributions on Shares and Warrant Shares

As mentioned above, Cibus does not anticipate declaring or paying any cash dividends to holders of Cibus's Class A Common Stock in the foreseeable future. However, distributions of cash or other property (other than certain distributions of stock) on the Shares or Warrant Shares will constitute dividends to the extent paid out of Cibus's current or accumulated earnings and profits, as determined for U.S. federal income tax purposes. Distributions in excess of Cibus's current and accumulated earnings and profits will constitute a return of capital and first be applied against and reduce a Non-U.S. Holder's adjusted tax basis in its Class A Common Stock, but not below zero. Any excess will be subject to the treatment as described below under "— Gain on Sale or Other Taxable Disposition of the Offered Securities."

[Table of Contents](#)

Dividends paid to a Non-U.S. Holder that are not effectively connected with the Non-U.S. Holder's conduct of a trade or business in the United States generally will be subject to withholding tax at a 30-percent rate or a reduced rate specified by an applicable income tax treaty. In order to obtain a reduced rate of withholding, the Non-U.S. Holder will be required to provide Cibus or Cibus's paying agent with a properly executed applicable IRS Form W-8BEN or IRS Form W-8BEN-E (or appropriate successor form), as applicable, certifying under penalties of perjury that the Non-U.S. Holder is not a United States person and is eligible for the benefits under the applicable tax treaty. These forms may need to be periodically updated. If a Non-U.S. Holder holds the Offered Securities through a financial institution or other intermediary, the Non-U.S. Holder generally will be required to provide the appropriate documentation to the financial institution or other intermediary. A Non-U.S. Holder eligible for a reduced rate of U.S. withholding tax pursuant to an income tax treaty who fails to timely provide an IRS Form W-8BEN or W-8BEN-E, as applicable, may obtain a refund of any excess amounts withheld by timely filing an appropriate claim with the IRS.

If dividends paid to a Non-U.S. Holder are effectively connected with the Non-U.S. Holder's conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, are attributable to a permanent establishment or fixed base maintained by the Non-U.S. Holder in the United States), the Non-U.S. Holder will generally be taxed on the dividends in the same manner as a U.S. Holder. In this case, the Non-U.S. Holder will be exempt from the withholding tax discussed in the preceding paragraph, although the Non-U.S. Holder will be required to provide a properly executed IRS Form W-8ECI (or appropriate successor form) in order to claim an exemption from withholding. Such effectively connected dividends, although not subject to U.S. federal withholding tax, are subject to U.S. federal income tax on a net income basis at the regular graduated U.S. federal income tax rates generally applicable to Non-U.S. Holders. Dividends received by a corporate Non-U.S. Holder that are effectively connected with such Non-U.S. Holder's conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, attributable to a permanent establishment or fixed base maintained by the Non-U.S. Holder in the United States) may be subject to an additional branch profits tax at a 30-percent rate (or such lower rate as may be specified by an applicable income tax treaty). Non-U.S. Holders should consult their tax advisors with respect to other U.S. tax consequences of the acquisition, ownership and disposition of the Offered Securities, including the possible imposition of the branch profits tax.

Exercise of Common Warrants

A Non-U.S. Holder generally will not recognize gain or loss on the exercise of a Common Warrant and the related receipt of Warrant Shares. However, if a cashless exercise of Common Warrants results in a taxable exchange or if cash is received in lieu of a fractional share of Warrant Shares, in each case, as described above under “—Tax Considerations Applicable to U.S. Holders — Sale, Redemption or Other Disposition or Exercise of Common Warrants,” the rules described below under “Gain on Sale or Other Taxable Disposition of the Offered Securities” would apply.

Gain on Sale, Redemption or Other Taxable Disposition of the Offered Securities

Subject to the discussions below under “—Information Reporting and Backup Withholding” and “—FATCA,” a Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on gain realized on a sale, exchange, redemption or other taxable disposition of the Offered Securities (including a redemption of the Common Warrants) unless:

- the gain is effectively connected with the Non-U.S. Holder's conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a permanent establishment or fixed base maintained by the Non-U.S. Holder in the United States),
- the Non-U.S. Holder is a nonresident alien individual present in the United States for 183 days or more during the taxable year of the disposition and certain other requirements are met; or
- Cibus is or has been a “United States real property holding corporation,” as defined in the Code, at any time within the five-year period ending on the date of disposition or the Non-U.S. Holder's holding period, whichever period is shorter, and the Non-U.S. Holder is not eligible for an exemption under an applicable income tax treaty.

Cibus believes that it is not, and does not anticipate becoming, a United States real property holding corporation. Even if Cibus is or has been a United States real property holding corporation during the specified testing period, as long as Cibus's Class A Common Stock is regularly traded on an established securities market (such as the Nasdaq Global Market) at any time during the calendar year in which the disposition occurs, a Non-U.S. Holder will not be subject to U.S. federal income tax on the disposition of Shares or Warrant Shares if the Non-U.S. Holder does not own or has not owned (actually or constructively) more than 5 percent of Cibus's common stock at any time during the shorter of the two periods mentioned above. Special rules may apply to the determination of the 5-percent threshold in the case of a Non-U.S. Holder of Common Warrants. Non-U.S. Holders are urged to consult their tax advisors regarding the application of this regularly traded exception, including the effect of holding Common Warrants on the calculation of the 5-percent threshold.

In addition, although a 15% withholding tax generally applies to gross proceeds from the sale or other taxable disposition of the stock of or certain other interests in a United States real property holding company, such 15% withholding tax generally will not apply to the disposition of Shares or Warrant Shares so long as Cibus's common stock is regularly traded on an established securities market. However, the exception described in the previous sentence may not apply to certain dispositions of the Common Warrants if the Non-U.S. Holder exceeds the 5-percent threshold mentioned above.

If a Non-U.S. Holder recognizes gain on a sale, redemption or other disposition of the Offered Securities that is effectively connected with the Non-U.S. Holder's conduct of a trade or business in the United States (and if required by an applicable income tax treaty, is attributable to a permanent establishment or fixed base maintained by the Non-U.S. Holder in the United States), the Non-U.S. Holder will generally be subject to U.S. federal income tax at the regular graduated U.S. federal income tax rates generally applicable to a United States person. If the Non-U.S. Holder is a corporation, the Non-U.S. Holder may also be subject to the branch profits tax at a 30-percent rate or such lower rate as may be specified by an applicable income tax treaty. Non-U.S. Holders should consult their tax advisors with respect to other U.S. tax consequences of the acquisition, ownership and disposition of the Offered Securities, including the possible imposition of the branch profits tax.

Certain Adjustments to and Distributions on Common Warrants

As discussed above under “—Tax Considerations Applicable to U.S. Holders—Certain Adjustments to and Distributions on Common Warrants,” certain adjustments to the number of Warrant Shares on the exercise of the Common Warrants, or an adjustment to the exercise price of the Common Warrants (or certain failures to make adjustments), may be treated as a constructive distribution with respect to the Common Warrants. Constructive distributions will constitute dividends to the extent such distributions are deemed paid out of Cibus's earnings and profits, notwithstanding the fact that holders of Common Warrants will not receive a cash payment in respect thereof. In the event of such a deemed dividend, Cibus may be required to withhold tax from subsequent distributions of cash or property to Non-U.S. Holders. Further, if an applicable withholding agent pays such withholding taxes on behalf of a Non-U.S. Holder with respect to such dividends, the withholding agent may withhold any such withholding tax from any cash to be paid to or set-off such amount against certain other funds or assets belonging to such Non-U.S. Holder. Non-U.S. Holders should consult their tax advisors regarding the proper treatment of any adjustments to the Common Warrants.

In addition, as discussed above under “—Tax Considerations Applicable to U.S. Holders— Certain Adjustments to and Distributions on Common Warrants,” the taxation of a distribution received with respect to a Common Warrant is unclear. It is possible such a distribution would be treated as a distribution (or constructive distribution), although other treatments are possible. Non-U.S. Holders should consult their tax advisors regarding the U.S. withholding tax and other U.S. tax consequences of distributions received with respect to Common Warrants.

Information Reporting and Backup Withholding

Information returns will be filed with the IRS in connection with payments of dividends on the Offered Securities. Copies of the information returns reporting those dividends and withholding may also be made available to the tax authorities in the country in which a Non-U.S. Holder is a resident under the provisions of an applicable income tax treaty or agreement. Unless a Non-U.S. Holder complies with certification procedures to establish that the Non-U.S. Holder is not a United States person, information returns may also be filed with the IRS in connection with the proceeds from a sale, exchange or other disposition of the Offered Securities to or through the U.S. office (and, in certain cases, the foreign office) of a broker.

Table of Contents

A Non-U.S. Holder may be subject to backup withholding (currently at a rate of 24 percent) on payments on the Offered Securities or on the proceeds from a sale, exchange or other disposition of the Offered Securities unless the Non-U.S. Holder complies with certification procedures to establish that the Non-U.S. Holder is not a United States person or otherwise establishes an exemption. Compliance with the certification procedures required to claim a reduced rate of withholding under a treaty (including properly certifying non-U.S. status on an IRS Form W-8BEN, IRS Form W-8BEN-E or other appropriate version of IRS Form W-8 (or appropriate successor form)) generally will satisfy the certification requirements necessary to avoid backup withholding as well. Notwithstanding the foregoing, U.S. federal backup withholding may apply if the payor has actual knowledge, or reason to know, that a holder is a United States person.

Backup withholding is not an additional tax. Any amounts withheld from a payment to a Non-U.S. Holder under the backup withholding rules generally will be allowed as a credit against such Non-U.S. Holder's U.S. federal income tax liability and may entitle such Non-U.S. Holder to a refund, provided the required information is furnished to the IRS in a timely manner. Non-U.S. Holders are urged to consult their tax advisors regarding the application of backup withholding and the availability of and procedure for obtaining an exemption from backup withholding in their particular circumstances.

FATCA

Provisions of the Code commonly referred to as "FATCA" generally require withholding of 30 percent on payments of dividends on the Offered Securities, as well as payments of gross proceeds of dispositions of the Offered Securities, to a "foreign financial institution" (which is broadly defined for this purpose and in general includes investment vehicles) and certain other non-U.S. entities unless various U.S. information reporting and due diligence requirements (generally relating to ownership by United States persons of interests in or accounts with those entities) have been satisfied or an exemption applies. However, the IRS has issued proposed Treasury regulations that eliminate FATCA withholding on payments of gross proceeds (but not on payments of dividends). Pursuant to the preamble to the proposed Treasury regulations, any applicable withholding agent may (but is not required to) rely on this proposed change to FATCA withholding until final Treasury regulations are issued or the proposed Treasury regulations are withdrawn. An intergovernmental agreement between the United States and an applicable foreign country may modify these requirements. If FATCA withholding is imposed, a beneficial owner that is not a foreign financial institution generally may obtain a refund of any amounts withheld by filing a U.S. federal income tax return (which may entail significant administrative burden). Non-U.S. Holders should consult their tax advisors regarding the effects of FATCA on their investments in the Offered Securities.

Cibus will not pay any additional amounts to Non-U.S. Holders with respect to any amounts withheld, including pursuant to FATCA.

THE PRECEDING DISCUSSION OF U.S. FEDERAL TAX CONSIDERATIONS IS FOR GENERAL INFORMATION ONLY. IT IS NOT TAX ADVICE. PROSPECTIVE INVESTORS SHOULD CONSULT THEIR TAX ADVISORS REGARDING THE PARTICULAR U.S. FEDERAL, STATE AND LOCAL AND NON-U.S. TAX CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF THE OFFERED SECURITIES, INCLUDING THE CONSEQUENCES OF ANY PROPOSED CHANGE IN APPLICABLE LAWS.

We may use the shelf registration statement to sell the listed securities from time to time through any means described in the section entitled “Plan of Distribution.”

More specific terms of any securities we offer may be provided in a prospectus supplement that describes, among other things, the specific amounts and prices of the securities being offered, any specific allocation of the net proceeds of an offering of securities to a specific purpose and other terms of the offering. The prospectus supplement may also add, update or change information included in this prospectus. You should read both this prospectus and any applicable prospectus supplement, together with additional information described below under the captions “Where You Can Find More Information” and “Incorporation of Certain Information by Reference.”

No offer of the securities will be made in any jurisdiction where the offer is not permitted.

These statements are only predictions based on our current expectations and projections about future events. Any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements.

There are important factors that could cause our actual results, level of activity, performance or achievements to differ materially from the results, level of activity, performance or achievements expressed or implied by the forward-looking statements, including, without limitation, factors relating to:

INFORMATION ABOUT THE COMPANY

Our Company

We are a leading agricultural technology company in the plant seed industry. We are not a seed company. We are a gene editing-based technology company whose business is to develop and license plant traits to seed companies in exchange for royalties. Our target trait market is productivity traits that improve yields, lower input (such as chemicals) costs, and increase the sustainability and profitability of farming. We have a pipeline of six productivity traits, four of which are applicable to multiple crops. Three of our traits are developed, field validated, have been edited into the elite lines of seed company partners and have started being transferred to these partners for pre-commercialization testing. These traits are pod shatter resistance (PSR) in Canola and two herbicide resistance traits: HT1 and HT3; in Rice. In addition, we have two advanced traits (*i.e.*, where the editing process is underway with known edit targets) for *Sclerotinia Resistance* and another novel herbicide resistance trait: HT2. Cibus' work in nitrogen use efficiency is in its early stages. Our primary commercial objective is advancing our three developed traits: PSR, HT1 and HT3 into customer commercial lines in Canola, WOSR and Rice. Because of the strategic realignment in October 2023, certain development timelines not linked to the initial and advanced traits, such as those associated with the development of our corn and wheat platform, are expected to be extended beyond our initial anticipated targets. In addition, we are developing, solely through partner-funded projects, certain output traits to meet the functional needs of the new sustainable ingredients industry to replace current ingredients that are plastics or fossil fuel based or that cause deforestation or raise other sustainability challenges. Our Class A Common Stock trades on Nasdaq under the symbol "CBUS."

Our "Up-C" Corporate Structure

We are a holding company with substantially all of our assets and operations conducted through Cibus Global and its subsidiaries. Our sole material asset consists of our interest in Cibus Global. We are the sole managing member of Cibus Global and are responsible for all operational, management and administrative decisions relating to Cibus Global's business and consolidate the financial results of Cibus Global and its subsidiaries. Owners of Cibus Global's Common Units ("Cibus Global Common Units") other than us own a corresponding number of shares of our Class B common stock, par value \$0.0001 per share (the "Class B Common Stock," and together with the Class A Common Stock, the "Shares"), which have voting (but no economic) rights with respect to Cibus, Inc.

Company Information

Our principal executive offices are located at 6455 Nancy Ridge Drive, San Diego, CA 92121 and our telephone number is (858) 450-0008. Cibus' filings with the SEC are posted on its corporate website at www.cibus.com. The information found on our website is not part of this prospectus.

RISK FACTORS

An investment in our securities involves a high degree of risk. You should carefully consider those risk factors described in Exhibit 99.3 to our Current Report on Form 8-K filed on June 1, 2023, under the heading “Risk Factors” in any subsequently filed Quarterly Reports on Form 10-Q and Current Reports on Form 8-K (other than, in each case, information furnished rather than filed), which are incorporated by reference herein, and those risk factors that may be included in any applicable prospectus supplement, together with all of the other information included in this prospectus, any prospectus supplement and the documents we incorporate by reference, in evaluating an investment in our securities. Our business, prospects, financial condition or operating results could be harmed by any of these risks, as well as other risks not currently known to us or that we currently consider immaterial. The trading price of our Class A Common Stock could decline due to any of these risks, and, as a result, you may lose all or part of your investment. Before deciding whether to invest in our securities, you should also refer to the other information contained in or incorporated by reference into this prospectus, including the section entitled “Cautionary Note Regarding Forward-Looking Statements.”

USE OF PROCEEDS

Except as otherwise provided in any applicable prospectus supplement, we intend to use the net proceeds we receive from the sale of securities for general corporate purposes. General corporate purposes may include research and development costs, the acquisitions or in-licensing of traits or technologies, repayment and refinancing of debt, working capital and capital expenditures. As a result, management will retain broad discretion over the allocation of net proceeds of any offering.

The specific allocation of the net proceeds of an offering of securities to a specific purpose if any, will be determined at the time of the offering and will be described in any applicable prospectus supplement.

PLAN OF DISTRIBUTION

We may use one or more of the following methods when selling securities under this prospectus:

- underwritten transactions;
- privately negotiated transactions;
- exchange distributions and/or secondary distributions;
- sales in the over-the-counter market;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- broker-dealers may agree with the selling stockholders to sell a specified number of such stock at a stipulated price per share;
- block trades (which may involve crosses) in which the broker-dealer so engaged will attempt to sell the securities as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its own account;
- short sales and delivery of shares of our Class A Common Stock to close out short positions;
- sales by broker-dealers of shares of our Class A Common Stock that are loaned or pledged to such broker-dealers;
- “at-the-market” offerings into an existing trading market in accordance with Rule 415(a)(4) under the Securities Act;
- as dividends or through a distribution of subscription rights to our existing security holders;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

We may prepare prospectus supplements that will disclose the terms of the offering, including the name or names of any underwriters, dealers or agents, the purchase price of the securities, any underwriting discounts and other items constituting compensation to underwriters, dealers or agents.

We may fix a price or prices of our securities at:

- market prices prevailing at the time of any sale under this registration statement;
- prices related to market prices; or
- negotiated prices.

We may change the price of the securities offered from time to time.

We may sell securities through brokers, dealers, agents or underwriters, who may act on a best efforts basis for a specified period of appointment or on a firm commitment basis.

If we use underwriters in an offering, we will execute an underwriting agreement with such underwriters and will specify the name of each underwriter and the terms of the transaction (including any underwriting discounts and other terms constituting compensation of the underwriters and any dealers) in a prospectus supplement. If we use an underwriting syndicate, the managing underwriter(s) will be specified on the cover of the prospectus supplement. If we use underwriters for a sale of securities, the underwriters will acquire the securities for their own accounts. The underwriters may resell the securities from time to time in one or more

Table of Contents

transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time. Unless otherwise set forth in the prospectus supplement, the obligations of the underwriters to purchase the offered securities will be subject to conditions precedent and the underwriters will be obligated to purchase all of the offered securities if any are purchased.

If dealers are used in an offering, we may sell the securities to the dealers as principals. The dealers then may resell the securities to the public at varying prices which they determine at the time of resale. The names of the dealers and the terms of the transaction will be specified in a prospectus supplement.

If agents are used in an offering, the names of the agents and the terms of the agency will be specified in a prospectus supplement. Unless otherwise indicated in a prospectus supplement, the agents will act on a best-efforts basis for the period of their appointment.

Dealers and agents named in a prospectus supplement may be underwriters as defined in the Securities Act and any discounts or commissions they receive from us and any profit on their resale of the securities may be treated as underwriting discounts and commissions under the Securities Act. We will identify in the applicable prospectus supplement any underwriters, dealers or agents and will describe their compensation. We may enter into agreements with the underwriters, dealers and agents to indemnify them against specified civil liabilities, including liabilities under the Securities Act.

Underwriters, dealers or agents and their associates may engage in other transactions with and perform other services for us in the ordinary course of business.

If so indicated in a prospectus supplement, we will authorize underwriters or other persons acting as our agents to solicit offers by institutional investors to purchase securities pursuant to contracts providing for payment and delivery on a future date. We may enter contracts with commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and other institutional investors. The obligations of any institutional investor will be subject to the condition that its purchase of the offered securities will not be illegal at the time of delivery. The underwriters and other agents will not be responsible for the validity or performance of contracts.

In addition, we may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement so indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be named in the applicable prospectus supplement (or a post-effective amendment).

In addition, we may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus and an applicable prospectus supplement. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

In order to facilitate the offering of the securities, any underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the securities or any other securities the prices of which may be used to determine payments on such securities. Specifically, any underwriters may overallocate in connection with the offering, creating a short position for their own accounts. In addition, to cover overallocations or to stabilize the price of the securities or of any such other securities, the underwriters may bid for, and purchase, the securities or any such other securities in the open market. Finally, in any offering of the securities through a

Table of Contents

syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or a dealer for distributing the securities in the offering if the syndicate repurchases previously distributed securities in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the securities above independent market levels. Any such underwriters are not required to engage in these activities and may end any of these activities at any time.

The place and time of delivery for securities will be set forth in the accompanying prospectus supplement. Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. The applicable prospectus supplement may provide that the original issue date for securities may be more than two scheduled business days after the trade date for your securities. Accordingly, in such a case, if a purchaser wishes to trade securities on any date prior to the second business day before the original issue date for such securities, the purchaser will be required, by virtue of the fact that such securities initially are expected to settle in more than two scheduled business days after the trade date for such securities, to make alternative settlement arrangements to prevent a failed settlement. To comply with applicable state securities laws, the securities offered by this prospectus will be sold, if necessary, in such jurisdictions only through registered or licensed brokers or dealers. In addition, securities may not be sold in some states absent registration or pursuant to an exemption from applicable state securities laws.

The securities may be new issues of securities and may have no established trading market. The securities may or may not be listed on a national securities exchange. We can make no assurance as to the liquidity of or the existence of trading markets for any of the securities.

The specific terms of any lock-up provisions in respect of any given offering will be described in any applicable prospectus supplement.

To the extent required, this prospectus may be amended or supplemented from time to time to describe a specific plan of distribution.

[Table of Contents](#)

Preferred Stock

No shares of Preferred Stock are issued or outstanding as of the date of this prospectus. The Amended and Restated Charter authorizes our Board to establish one or more series of Preferred Stock. Our Board will be able to determine, with respect to any series of Preferred Stock, the powers (including voting powers), and the designations, preferences and relative, participating, optional or other special rights, and any qualifications, limitations or restrictions thereof.

Dividends

The DGCL permits a corporation to declare and pay dividends out of “surplus” or, if there is no “surplus,” out of its net profits for the fiscal year in which the dividend is declared and/or the preceding fiscal year. “Surplus” is defined as the excess of the net assets of the corporation over the amount determined to be the capital of the corporation by its board of directors. The capital of the corporation is typically calculated to be (and cannot be less than) the aggregate par value of all issued shares of capital stock. Net assets equals the fair value of the total assets minus total liabilities. The DGCL also provides that dividends may not be paid out of net profits if, after the payment of the dividend, remaining capital would be less than the capital represented by the outstanding stock of all classes having a preference upon the distribution of assets. Declaration and payment of any dividend will be subject to the discretion of our Board.

We have no current plans to pay dividends on our Class A Common Stock. Any decision to declare and pay dividends in the future will be made at the sole discretion of our Board and will depend on, among other things, our results of operations, cash requirements, financial condition, contractual restrictions and other factors that our Board may deem relevant. Because we are a holding company and will have no direct operations, we will only be able to pay dividends from funds we receive from our subsidiaries.

Annual Stockholder Meetings

The Amended Bylaws provide that annual stockholder meetings will be held at a date, time and place, if any, as may be designated by our Board or, in the absence of a designation by our Board, by the chair, the chief executive officer or the secretary. To the extent permitted under applicable law, we may conduct meetings by remote communications, including by webcast.

Anti-Takeover Effects of the Amended and Restated Charter, the Amended Bylaws and Certain Provisions of Delaware Law

The Amended and Restated Charter, the Amended Bylaws and certain provisions of the DGCL contain provisions, which are summarized in the following paragraphs, that are intended to enhance the likelihood of continuity and stability in the composition of our Board. These provisions are intended to avoid costly takeover battles, reduce our vulnerability to a hostile or abusive change of control and enhance the ability of our Board to maximize stockholder value in connection with any unsolicited offer to acquire the Company. However, these provisions may have an anti-takeover effect and may delay, deter or prevent a merger or acquisition of the Company by means of a tender offer, a proxy contest or other takeover attempt that a stockholder might consider in its best interest, including those attempts that might result in a premium over the prevailing market price for the Shares held by stockholders.

Authorized but Unissued Capital Stock

Delaware law does not require stockholder approval for any issuance of shares that are authorized and available for issuance. However, the listing requirements of Nasdaq, which apply so long as our Class A Common Stock remains listed on Nasdaq, require stockholder approval of certain issuances equal to or exceeding 20% of the then outstanding voting power of our capital stock or then outstanding number of shares of Class A Common Stock. These additional shares may be used for a variety of corporate purposes, including future public offerings, to raise additional capital or to facilitate acquisitions.

Table of Contents

Our Board will be authorized to generally issue shares of one or more series of Preferred Stock on terms calculated to discourage, delay or prevent a change of control the Company or the removal of our management. Moreover, our authorized but unissued shares of Preferred Stock will be available for future issuances in one or more series without stockholder approval and could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, to facilitate acquisitions and employee benefit plans.

One of the effects of the existence of authorized and unissued and unreserved Class A Common Stock or Preferred Stock may be to enable our Board to issue shares to persons friendly to current management, which issuance could render more difficult or discourage an attempt to obtain control the Company by means of a merger, tender offer, proxy contest or otherwise, and thereby protect the continuity of our management and possibly deprive our stockholders of opportunities to sell their shares of Class A Common Stock at prices higher than prevailing market prices.

Vacancies and Newly Created Directorships

The Amended and Restated Charter and the Amended Bylaws provide that any vacancies on our Board, and any newly created directorships, will be filled only by the affirmative vote of a majority of the remaining directors then in office, even if less than a quorum, and any director so chosen will hold office until the earlier expiration of the term of office of the director whom he or she has replaced or his or her successor shall be duly elected and qualified or until such director's earlier death, disqualification, resignation or removal. No decrease in the number of directors shall shorten the term of any director then in office.

No Cumulative Voting

Under Delaware law, the right to vote cumulatively does not exist unless the certificate of incorporation specifically authorizes cumulative voting. The Amended and Restated Charter does not authorize cumulative voting. Therefore, stockholders holding a majority in voting power of our stock entitled to vote generally in the election of directors will be able to elect all directors.

Special Stockholder Meetings

The Amended and Restated Charter and the Amended Bylaws provide that special meetings of stockholders may be called only by the chair of our Board, our chief executive officer or at the direction of our Board pursuant to a written resolution adopted by a majority of the total number of directors that we would have if there were no vacancies. Any business transacted at a special meeting of stockholders will be limited to matters set forth in the notice of the special meeting. These provisions may have the effect of deterring, delaying or discouraging hostile takeovers, or changes in control or our management.

Director Nominations and Stockholder Proposals

The Amended Bylaws establish advance notice procedures with respect to stockholder nominations for the election as directors. In order for any matter to be "properly brought" before a meeting, a stockholder will have to comply with advance notice requirements and provide us with certain information. Generally, to be timely, a stockholder's notice must be received at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary date of the immediately preceding annual meeting of stockholders. The Amended Bylaws also specify requirements as to the form and content of a stockholder's notice. The Amended Bylaws allow the chair of the meeting at a meeting of the stockholders to adopt rules and regulations for the conduct of meetings which may have the effect of precluding the conduct of certain business at a meeting if the rules and regulations are not followed. These provisions may also defer, delay or discourage a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to influence or obtain control of the Company.

[Table of Contents](#)

Stockholder Action by Written Consent

Pursuant to Section 228 of the DGCL, any action required to be taken at any annual or special meeting of the stockholders may be taken without a meeting, without prior notice and without a vote if a consent or consents in writing, setting forth the action so taken, is or are signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of stock entitled to vote thereon were present and voted, unless the certificate of incorporation provides otherwise. Our Amended and Restated Charter precludes stockholder action by written consent; provided, however, that any action required or permitted to be taken by the holders of Class B Common Stock, voting separately as a class, may be effected by the consent in writing of the holders of a majority of the total voting power of the Class B Common Stock entitled to vote thereon, voting together as a single class in lieu of a duly called annual or special meeting of holders of Class B Common Stock.

These provisions may have the effect of deterring hostile takeovers or delaying or preventing changes in control of the Company or our management, such as a merger, reorganization or tender offer. These provisions are intended to enhance the likelihood of continued stability in the composition of our Board and its policies and to discourage certain types of transactions that may involve an actual or threatened acquisition of our Board. These provisions are designed to reduce our vulnerability to an unsolicited acquisition proposal. The provisions are also intended to discourage certain tactics that may be used in proxy fights. However, such provisions could have the effect of discouraging others from making tender offers the Class A Common Stock and, as a consequence, they also may inhibit fluctuations in the market price of the Class A Common Stock that could result from actual or rumored takeover attempts. Such provisions may also have the effect of preventing changes in management.

DGCL Section 203

We are subject to the provisions of Section 203 of the DGCL regulating corporate takeovers. In general, those provisions prohibit a Delaware corporation, including those whose securities are listed for trading on Nasdaq, from engaging in any business combination with any interested stockholder for a period of three years following the date that the stockholder became an interested stockholder, unless:

- the transaction is approved by the board of directors before the date the interested stockholder attained that status;
- upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced; or
- on or after such time the business combination is approved by the board of directors and authorized at a meeting of stockholders by at least two-thirds of the outstanding voting stock that is not owned by the interested stockholder.

Dissenters' Rights of Appraisal and Payment

Under the DGCL, with certain exceptions, including the circumstances where the Shares are, at the effective date of a merger or consolidation, either listed on a national securities exchange or held of record by more than 2,000 holders, our stockholders will have appraisal rights in connection with a merger or consolidation the Company. Pursuant to the DGCL, stockholders who properly request and perfect appraisal rights in connection with such merger or consolidation will have the right to receive payment of the fair value of their shares as determined by the Delaware Court of Chancery.

Stockholders' Derivative Actions

Under the DGCL, any of our stockholders may bring an action in our name to procure a judgment in our favor, also known as a derivative action, provided that the stockholder bringing the action is a holder of Shares at the time of the transaction to which the action relates or such stockholder's stock thereafter devolved by operation of law.

Exclusive Forum

The Amended and Restated Charter provides that unless we consent in writing to the selection of an alternative forum, the Court of Chancery in the State of Delaware (or, if the Court of Chancery does not have jurisdiction, the federal district court for the District of Delaware) shall be the sole and exclusive forum for any (i) derivative action or proceeding brought on our behalf, (ii) action asserting a claim of breach of a fiduciary duty owed by any of our directors, officers or other employees to us or our stockholders, (iii) action asserting a claim arising pursuant to any provision of the DGCL or the Amended and Restated Charter or Amended Bylaws, or (iv) action asserting a claim governed by the internal affairs doctrine. This provision does not apply to any actions arising under the Securities Act. Any person or entity purchasing or otherwise acquiring or holding any interest in any of our securities shall be deemed to have notice of and consented to the forum provisions in the Amended and Restated Charter. However, the enforceability of similar forum provisions in other companies' certificates of incorporation has been challenged in legal proceedings, and it is possible that a court could find these types of provisions to be unenforceable.

Limitations on Liability and Indemnification of Officers and Directors

The DGCL authorizes corporations to limit or eliminate the personal liability of directors and officers to corporations and their stockholders for monetary damages for breaches of directors' and officers' fiduciary duties, subject to certain exceptions. The Amended and Restated Charter includes a provision that eliminates the personal liability of directors and officers for monetary damages to the corporation or its stockholders for any breach of fiduciary duty as a director or an officer. The effect of these provisions is to eliminate our rights and those of our stockholders, through stockholders' derivative suits on our behalf, to recover monetary damages from a director or an officer for breach of fiduciary duty as a director or an officer, including breaches resulting from grossly negligent behavior. However, exculpation will not apply to any breaches of a director's or officer's duty of loyalty, acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, or for any transaction from which such director or officer derived an improper personal benefit.

The Amended and Restated Charter generally provides that we must defend, indemnify and advance expenses to our directors and officers to the fullest extent permitted or required by the DGCL. We will also be expressly authorized to carry directors' and officers' liability insurance providing indemnification for its directors, officers and certain employees for some liabilities. We believe that these indemnification and advancement provisions and insurance are useful to attract and retain qualified directors and executive officers.

The limitation of liability, indemnification and advancement provisions in the Amended and Restated Charter and the Amended Bylaws may discourage stockholders from bringing a lawsuit against directors or officers for breach of their fiduciary duties. These provisions also may have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit Cibus, Inc. and its stockholders.

Transfer Agent and Registrar

The transfer agent and registrar for the Class A Common Stock is Broadridge Corporate Issuer Solutions, LLC. The transfer agent's address is 1155 Long Island Avenue, Edgewood, NY 11717.

We may offer depositary shares (either separately or together with other securities) representing fractional interests in our preferred stock of any series. In connection with the issuance of any depositary shares, we will enter into a deposit agreement with a bank or trust company, as depositary, which will be named in the applicable prospectus supplement. Depositary shares will be evidenced by depositary receipts issued pursuant to the related deposit agreement. Immediately following our issuance of the preferred stock related to the depositary shares, we will deposit the preferred stock with the relevant preferred stock depository and will cause the preferred stock depository to issue, on our behalf, the related depositary receipts. Subject to the terms of the deposit agreement, each owner of a depositary receipt will be entitled, in proportion to the fraction of a share of preferred stock represented by the related depositary share, to all the rights, preferences and privileges of, and will be subject to all of the limitations and restrictions on, the preferred stock represented by the depositary receipt (including, if applicable, dividend, voting, conversion, exchange redemption and liquidation rights).

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of our Class A Common Stock, Preferred Stock or any combination thereof. Warrants may be issued independently or together with our securities offered by any prospectus supplement and may be attached to or separate from any such offered securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a bank or trust company, as warrant agent, all as set forth in the prospectus supplement relating to the particular issue of warrants. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders of warrants or beneficial owners of warrants. The following summary of certain provisions of the warrants does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all provisions of the warrant agreements.

You should refer to the prospectus supplement relating to a particular issue of warrants for the terms of and information relating to the warrants, including, where applicable:

- the number of securities purchasable upon exercise of the warrants and the price at which such securities may be purchased upon exercise of the warrants;
- the date on which the right to exercise the warrants commences and the date on which such right expires (the “Expiration Date”);
- the United States federal income tax consequences applicable to the warrants;
- the amount of the warrants outstanding as of the most recent practicable date; and
- any other terms of the warrants.

Warrants will be offered and exercisable for United States dollars only. Warrants will be issued in registered form only. Each warrant will entitle its holder to purchase such number of securities at such exercise price as is in each case set forth in, or calculable from, the prospectus supplement relating to the warrants. The exercise price may be subject to adjustment upon the occurrence of events described in such prospectus supplement. After the close of business on the Expiration Date (or such later date to which we may extend such Expiration Date), unexercised warrants will become void. The place or places where, and the manner in which, warrants may be exercised will be specified in the prospectus supplement relating to such warrants.

Prior to the exercise of any warrants, holders of the warrants will not have any of the rights of holders of securities, including the right to receive payments of any dividends on the securities purchasable upon exercise of the warrants, or to exercise any applicable right to vote.
